CGW 4UF: World Issues: A Geographic Analysis

Prerequisite: Any university or university/college preparation course in Canadian and World Studies, English, or Social Sciences and Humanities.

If you are interested in finding out what is happening in the world, and why, this course is for you! Come and explore the major issues and events of our times...look at things through a geographic lens, while learning about economics, politics, religion, history, globalization and so much more.

Use case studies and current events to learn about globally sustainable and equitable development. Work individually and collaboratively to apply your knowledge.

THIS COURSE CONSISTS OF: TERM WORK, TESTS/QUIZZES, SUMMATIVE PROJECT (ISU), AND FINAL EXAM.
